AUTOMATIC TUNING

The newest thing in radio! Complete automatic tuning of your favorite stations more quickly, more accurately, than you can tune it yourself. It puts your radio in perfect tune—keeps it there!

ALL WAVE

Your favorite stations at your fingertips. Easily tuned. Foreign Broadcasts, Airplanes, Police Calls, Ships at Sea, Amateurs, and Standard Broadcast at its best, with full volume and utmost clarity.

A F C CONTROL

This new wonder feature brings your set to the exact point for greatest clarity and finest tone. Eliminates hoarse, mushy tone from "off-side" tuning.

GIANT DIALS

Tuning is simple with these oversized, clearly marked, illuminated dials. Stations are widely separated. Wave Bands on different scales.

NEW TUBES

Better performance is assured by newer, high efficiency tubes that bring out every circuit advantage. Super quiet operation and freedom from internal tube hissing assured by perfected self-shielding.

FINEST CABINETS

Cabinets that add beauty to every home. Constructed of finest woods by master craftsmen. Finishes are of high piano lustre.
